Committee to Ask Congress to Permit Quartering of Troops and Organiaztions.

INNOVATION IN MEDALS

Plans Made for Illumination of Avenue From Capitol to Court of Honor.

Legislation which will turn over to the inaugural committee certain Government buildings and reservations in which to quarter troops and civic organizations coming to Washington for the March 5 event, will be

asked of Congress this week. Permission to make use of the old District building on Louisiana avenue, will be asked, and it is understood this will be granted. What other Government buildings, if any, are to be requested, it has not been definite-ly ascertained. Not only will permission to use Government property be asked, but a \$35,000 appropriation for the Government's part of the expenses will be requested.

Innovation in Medals.

An innovation in medals which have been given the President, the Vice President, and the chairman of the inaugural committee in the past, is being planned for this year. A nesting of the committee on badges is chairman, was held last night, when a tentative design was agreed upon. The old-style gold and silver medallions will not be issued to the President, Vice President, and inaugural chairman this year.

Plane for Illumination.

To prevent any possible overcharging of visitors to Washington on March 5 by automobile companies and individual operators, the committee on local transportation has arranged to have the legal rates as adapted by the Public Service Commission, posted in every automobile and taxicab offered for hire, during inaugural week.

William F. Gude and his committee on illumination, at a meeting this morning, made tentative plans for the illumination of Pennsylvania avenue, from the Capitol to the Court of Honor, and discussed a plan of illuminating the Court of Honor in a different way this year from the past.

Avenue Lighted All Week. The Avenue will be kept lighted adopted by the general committee, which will hear the report tomorrow. Tonight the committee on historic will meet at 8 o'clock at the Willard, while the reviewing mmittee will meet in the

Board of Trade rooms at the same Arrangements will be made tonight at a special meeting of the Wilson and Marshall Democratic Association of the District for the members to take part in the fnaugural parade.

URGE WATER EXTENSION

Mt. Rainler Appoints Special Committee to Hasten Action.

Eager to avail themselves of the benefits of the extension of the Dis-trict water system to nearby Marycouncil of Mt. Rainler, at a meeting last night, appointed a committee of twelve, headed by Mayor Fred Weber, to co-operate with the District Commissioners and do all in their power

to basten necessary legislation The Commissioners have asked Congress to enact legislation authorizing extension of District mains into adjacent Maryland towns. After Congres enacts the needed legislation it will be necessary for the Maryland State legislature to pass an enabling act authorizing the Washington Suburban Sanitary Commission to purchase triet water under the terms of the bill recommended by the District Commis sioners to Congress

It was stated at the meeting fast night that an effort will be mad have the District mains extended to Mt. Rainier as soon as Congress authorizes such extension, without waiting action of the Maryland State legis lature. It was thought by some of those present that authority for such extension might be obtained pending favorable action by the Maryland legislature, which will not meet until

Mt. Rainier was specifically excepted from the Washington suburban sanitary district at its request by the last Maryland legislature in view of the fact the council was at that time

EXPLAINS CONFERENCE AIMS

President Says Newspaper Audiences Not Intended for "Copy."

The weekly conferences of President Wilson and the Washington dent Wilson and the washington newspaper men are to be held on Tuesdays in the future, and the sliding regulation or rules about quot ing, even indirectly the President on national and international expres

sions, have been barred.

The weekly meeting of the President and the newspaper men in the future will be merely to give the latter an opportunity to learn what tions, and not to furnish "news

the strict sense of the word. In the past the news writers have been given the permission to make use of information gained at the conferences, but have been careful to state that "it is understood that the "person's close to the President," say or "It is known that the President," takes this view or

that upon certain questions.

Mr. Wilson told the newspaper men yesterday that the conferences are merely to enlighten them as to his attitude, not to "furnish copy."

RECOGNIZES PROTECTORATE. The United States soon will formally notify the French government that she recognizes the French protector-ate over Morocco, it was learned to-day. Negotiations to that end have been conducted by Secretary of State Lansing and French Ambassador Jus-serand for some time past.

EGGS SLIGHTLY LOWER

Some Dealers Drop 5 and 10 Cents on Fresh Country Variety. Despite increased wholesale prices strictly fresh country eggs were re-

than for several days. From 65 to 75 cents a dozen was asked at the uptown groceries Several retailers dropped the price from 5 to 10 cents a dozen. These merchants procure their eggs direct from the country instead of from wholesale

tailed at a slightly lower figure today

dealers. There is scarcity of eggs in the local markets today, but the retail dealers who purchase relatively small quantities direct from poultry farms are not experiencing much difficulty in getting eggs.
